  Mariette, Ernest S., 615

Panama, coccidioidin sensitivity in, 657
Para-aminosalicylic acid
  absorption of the sodium salt from the rectum, 213
  in experimental tuberculosis in guinea pigs, effect when combined with dihydrostreptomycin compared with Tibione combined with dihydrostreptomycin, 339
  intermittent regimens
    combined with streptomycin in the treatment of pulmonary tuberculosis, 295
    comparison with daily dosage schedules in the treatment of pulmonary tuberculosis, 295
Paralysis, phrenic nerve. *See* Phrenic nerve
PAS. *See* Para-aminosalicylic acid
Pathogenicity of streptomycin-dependent tubercle bacilli, 98
Phrenic nerve paralysis, so-called temporary, permanence of, 81
Pleura, endothelioma of, 150
Pneumoperitoneum
  complicated by
    pneumothorax (case report), 710
    ruptured diaphragm resulting in spon-

taneous pneumothorax (case report), 587
induction, complicated by mediastinal emphysema (case report), 591
intraperitoneal hemorrhage occurring as complication of, 116
ten years of, 62
therapeutic, complicated by spontaneous right-sided pneumothorax, 67
Pneumothorax
complication of pneumoperitoneum (case report), 710
extrapleural, complicated by extrapleural hematoma, streptokinase - streptodornase in, 547
spontaneous
right - sided, complicating therapeutic pneumoperitoneum, 67
result of ruptured diaphragm complicating pneumoperitoneum (case report), 587
therapeutic, in middle-aged and elderly patients, 325
Pregnancy and sarcoidosis (case report), 603
Pulmonary disease, bronchogenic carcinoma as a differential diagnostic problem in, 176
function. *See* Function, pulmonary
lesion. *See* Lesion
tuberculosis. *See* Tuberculosis

Reaction, tuberculin. *See* Tuberculin
Rectum, absorption of the sodium salt of para-aminosalicylic acid from, 213
Ribs from thoracoplasty as a possible source of homogenous bone grafts, 210

Sarcoidosis
cytolysis test, *in vitro*, in, 672
and pregnancy (case report), 603
Schools, medical, teaching of tuberculosis in, 365
Spectroscopy, infra-red, in tuberculosis, 372
Streptodornase-streptokinase. *See* Streptokinase
Streptokinase-streptodornase in hematoma, extrapleural, complicating extrapleural pneumothorax, 547
Streptomycin
dependent tubercle bacilli, pathogenicity of, 96
intermittent regimens
analysis of 97 patients with pulmonary tuberculosis treated with one or two grams every third day, 275
combined with para-aminosalicylic acid in the treatment of pulmonary tuberculosis, 295
comparison with daily dosage schedules in the treatment of pulmonary tuberculosis, 295
resistance of tubercle bacilli in necropsy specimens, 449
Students, medical and nursing, tuberculosis in, 332

Terramycin, tuberculostatic activity of, 434
Thiosemicarbazones
4 - Acetylaminobenzal thiosemicarbazone in experimental tuberculosis in guinea pigs, effect of, in combination with dihydrostreptomycin as compared with para-aminosalicylic acid in combination with dihydrostreptomycin, 339
amithiozone, sensitivity of tubercle bacilli to, 487
Myvizone, sensitivity of tubercle bacilli to, 487
Tibione in experimental tuberculosis in guinea pigs, effect of, in combination with dihydrostreptomycin as compared with para-aminosalicylic acid in combination with dihydrostreptomycin, 339
Tibione. *See* Thiosemicarbazones
Thoracoplasty
ribs as possible source of homogenous bone grafts, 210
ventilatory function tests in evaluating patients for, 76
Time factor in studies of outcome of chronic disease (editorial), 608
Tissue, animal, tuberculostatic agent present in (notes), 119
Toxicity
of viomycin
in experimental animals, 44
in humans, 49
Tubercle bacillus
See also Mycobacterium tuberculosis
amithiozone sensitivity, 487
in bone marrow, 346
dihydrostreptomycin - resistant strains, enhancement of growth of, by dihydrostreptomycin, a function of initial pH value of the medium, 568
hemagglutination test, slide test modification, for antibodies against, 667

liquefaction of, mechanism, 694
in lungs of rabbits, endocellular proteinases in, 694
medium for diagnostic culture of, 459
comparison of several media, 470
metabolism of, production of a pharmacologically active metabolite, 100
Myvisone sensitivity, 487
streptomycin - dependent, pathogenicity of, 96
-resistant, in necropsy specimens, 449
viomycin effect against resistance to certain drugs, 36
Tuberculin
-negative tuberculosis, 501
reaction
cytotoxicity of, for sensitized cells, failure to demonstrate *in vitro*, 674
fluctuation in different geographic areas and its relationship to resistance, 121
specificity of (editorial), 355
test in differential diagnosis of pulmonary lesions, 140
Tuberculoma of the cerebellopontine angle simulating acoustic neuroma (case report), 227
Tuberculosis
active, chemotherapy for (correspondence), 490
bronchial, 381
cavitary, of lower lobe, 625
clinical, neomycin in, 427
cutaneous inoculation, 526
experimental
4-acetylaminobenzal thiosemicarbazone in combination with dihydrostreptomycin as compared with para-aminosalicylic acid in combination with dihydrostreptomycin, 339
chemotherapy of, with sulfones in the mouse, 556
hyaluronidase in, 108
liquefaction of tubercles, endocellular proteinases in tubercles developing in the lungs of rabbits, 694
terramycin in, 434
viomycin in, 1, 4, 7, 17, 25, 30, 36, 44
in vitro effects against tubercle bacilli resistant to certain drugs, 36
toxicity, acute and chronic, 44
pulmonary
liver in, clinical, functional, and needle biopsy study of, 202
in medical and nursing students, 332
minimal, confined to the apex of one lung, treatment of, 644
streptomycin in
intermittent regimens, analysis of patients treated with one or two grams every third day, 275
and para-aminosalicylic acid intermittent regimens, comparison with daily dosage schedules, 295
teaching of, in medical schools, 365
tuberculin-negative, 501
Tuberculostatic agent present in animal tissues (notes), 119
Tumor
lung, solitary, 252
mediastinal, cardiospasm simulating (case report), 597

Ultrafiltration apparatus (notes), 718

Vaccine, BCG. *See* BCG
Ventilatory function tests, value in evaluating patients for thoracoplasty, 76
Viomycin
activity
antimicrobial, 7
against *M. tuberculosis* and other microorganisms *in vitro* and *in vivo*, 17
against Mycobacteria, 1
in experimental tuberculosis, 1, 4, 7, 17, 25, 30, 36, 44
effects, *in vitro*, against tubercle bacilli resistant to certain drugs, 36
toxicity, acute and chronic, 44
toxicity in humans, 49

PUBLISHED MONTHLY
AT MT. ROYAL AND GUILFORD AVENUES, BALTIMORE 2, MD.
BY THE NATIONAL TUBERCULOSIS ASSOCIATION

CONTENTS: ORIGINAL ARTICLES

NUMBER 1, JANUARY, 1951

Viomycin, a New Antibiotic Active against *Mycobacteria*. A. C. FINLAY, G. L. HOBBY, F. HOCHSTEIN, T. M. LEES, T. F. LENERT, J. A. MEANS, S. Y. P'AN, P. P. REGNA, J. B. ROUTIEN, B. A. SOBIN, K. B. TATE, AND J. H. KANE 1

Viomycin, a New Tuberculostatic Antibiotic. QUENTIN R. BARTZ, JOHN EHRLICH, JAMES D. MOLD, MILDRED A. PENNER, AND ROBERT M. SMITH 4

Antimicrobial Activity of *Streptomyces Floridae* and of Viomycin. JOHN EHRLICH, ROBERT M. SMITH, MILDRED A. PENNER, LUCIA E. ANDERSON, AND A. C. BRATTON, JR. 7

The Activity of Viomycin against *Mycobacterium Tuberculosis* and Other Microorganisms *in Vitro* and *in Vivo*. GLADYS L. HOBBY, TULITA F. LENERT, MARY DONIKIAN, AND DARIA PIKULA 17

The Effect of Viomycin *in Vitro* and *in Vivo* on *Mycobacterium Tuberculosis*. GUY P. YOUMANS AND ANNE STEWART YOUMANS 25

Viomycin in Experimental Tuberculosis. WILLIAM STEENKEN, JR. AND EMANUEL WOLINSKY 30

The Effect of Viomycin in Tuberculosis of Guinea Pigs, Including *in Vitro* Effects against Tubercle Bacilli Resistant to Certain Drugs. ALFRED G. KARLSON AND JOSEPH H. GAINER 36

Viomycin. Acute and Chronic Toxicity in Experimental Animals. S. Y. P'AN, T. V. HALLEY, J. C. REILLY, AND A. M. PEKICH 44

The Toxicity of Viomycin in Humans. CHARLES A. WERNER, RALPH TOMPSETT, CARL MUSCHENHEIM, AND WALSH MCDERMOTT 49

Ten Years of Pneumoperitoneum. SOLOMON NETZER 62

Right-sided Spontaneous Pneumothorax Complicating Therapeutic Pneumoperitoneum. JOSEPH ROSS AND JASON E. FARBER 67

The Value of Simple Ventilatory Function Tests in Evaluating Patients for Thoracoplasty. GORDON W. THOMAS AND JOHN D. STEELE 76

Permanence of So-Called Temporary Phrenic Nerve Paralysis. HAWLEY H. SEILER AND JAMES D. MURPHY 81

Antigenic Activity of Fresh, Frozen, and Dry BCG Vaccine. KONRAD BIRKHAUG 85

The Pathogenicity of Streptomycin-Dependent Tubercle Bacilli. ROBERT J. VANDERLINDE AND DIRAN YEGIAN 96

Studies in the Metabolism of the Tubercle Bacillus. II. The Production of a Pharmacologically Active Metabolite, with a Note on the Utilization of Histidine. M. I. SMITH, Y. T. CHANG, AND E. W. EMMART 100

Hyaluronidase in Tuberculosis. H. J. CORPER AND MAURICE L. COHN 108

Case Report:

Intraperitoneal Hemorrhage Occurring as a Complication of Pneumoperitoneum. JOHN C. LARKIN, JR. AND SAMUEL PHILLIPS 116

Notes: A Tuberculostatic Agent Present in Animal Tissues. René J. Dubos. 119
Abstracts 1

Number 2, February, 1951

The Fluctuation of the Tuberculin Reaction in Different Geographic Areas and Its Relationship to Resistance. Joseph D. Aronson 121
The Importance of the Tuberculin Test in the Differential Diagnosis of Pulmonary Lesions. C. Eugene Woodruff and W. Leonard Howard .. 140
Endothelioma (Mesothelioma) of the Pleura. A Review with a Report of Seven Cases, Four of Which Were Extirpated Surgically. Lew A. Hochberg 150
Bronchogenic Carcinoma as a Differential Diagnostic Problem in Pulmonary Disease. I. Carcinoma Arising from Major Bronchi Uncomplicated by Secondary Infection. John H. Moyer and Alfred J. Ackerman 176
Hemoptysis in Chest Clinic Patients. Aaron D. Chaves 194
A Clinical, Functional, and Needle Biopsy Study of the Liver in Pulmonary Tuberculosis. Marvin Seife, Bruce J. Kessler, Joseph Hoffman, and James R. Lisa 202
Ribs from Thoracoplasty as a Possible Source of Homogenous Bone Grafts. Paul F. Hausmann 210
The Absorption of the Sodium Salt of Para-Aminosalicylic Acid (PAS) from the Rectum. Charles W. Rieber, Herta Kuschinski, and Max M. Friedman 213
Case Reports:
Esophagobronchial Fistula Associated with Severe Hemorrhages. Treated by Surgical Excision and Lobectomy. Herbert C. Maier. 220
Tuberculoma of the Cerebellopontine Angle Simulating Acoustic Neuroma. Charles W. Elkins and Frank J. Rack 227
American Trudeau Society: Notes 230
Abstracts 21

Number 3, March, 1951

Pulmonary Function Following Decortication of the Lung. Douglas Carroll, John McClement, Aaron Himmelstein, and Andre Cournand 231
Solitary Lung Tumors. Donald B. Effler 252
Bronchogenic Carcinoma as a Differential Diagnostic Problem in Pulmonary Disease. II. Carcinoma Arising from Major Bronchi Complicated by Secondary Infection. John H. Moyer and Alfred J. Ackerman 255
Intermittent Streptomycin Regimens. An Analysis of Ninety-seven Patients with Pulmonary Tuberculosis Treated with One or Two Grams of Streptomycin Every Third Day. Lynn A. James, Leroy J. Sides, William E. Dye, and Vern F. Deyke 275

Combined Intermittent Regimens Employing Streptomycin and Para-aminosalicylic Acid in the Treatment of Pulmonary Tuberculosis. A Comparison with Daily and Intermittent Dosage Schedules. CARL W. TEMPEL, FREDERIC J. HUGHES, JR., RICHARD E. MARDIS, MILTON N. TOWBIN, AND WILLIAM E. DYE 295

Neurotoxicity of Dihydrostreptomycin. Effects of Longer-Term Therapy. JOHN B. O'CONNOR, FREDERICK J. CHRISTIE, AND KIRBY S. HOWLETT, JR. 312

Therapeutic Pneumothorax in Middle-Aged and Elderly Patients. GABRIELE BONDI AND GEORGE C. LEINER 325

Tuberculosis in Medical and Nursing Students. RICHARD C. BATES AND WINTHROP N. DAVEY 332

The Therapeutic Effect on Experimental Tuberculosis in Guinea Pigs of 4-Acetylaminobenzal Thiosemicarbazone (Tibione) in Combination with Dihydrostreptomycin as Compared with the Effect of Para-Aminosalicylic Acid in Combination with Dihydrostreptomycin. DAVID M. SPAIN AND WILLIAM G. CHILDRESS 339

Tubercle Bacilli in Bone Marrow. ISAAC HOROWITZ AND DAVID F. GORELICK 346

Editorial: The Specificity of the Tuberculin Reaction. ESMOND R. LONG 355

Books 360

Abstracts 41

NUMBER 4, APRIL, 1951

The Teaching of Tuberculosis in Medical Schools, G. CANBY ROBINSON 365

Correlation of Biologic Properties of Strains of *Mycobacterium* with Infra-red Spectrums. I. Reproducibility of Extracts of *M. Tuberculosis* as Determined by Infra-Red Spectroscopy. HARRISON M. RANDALL, DONALD W. SMITH, ANN C. COLM, AND W. J. NUNGESTER 372

The Role of the Bronchi in Pulmonary Tuberculosis. A Review Based on a Study of 305 Cases. RUSSELL S. JONES AND FRANK H. ALLEY. 381

Bronchogenic Carcinoma as a Differential Diagnostic Problem in Pulmonary Disease. III. Peripheral Type: Carcinoma Arising from the Minor Bronchi and Bronchioles. JOHN H. MOYER AND ALFRED J. ACKERMAN ... 399

Benign Spontaneous Hemopneumothorax. LEROY HYDE AND BERNARD HYDE 417

Neomycin in Clinical Tuberculosis. DAVID T. CARR, KARL H. PFEUTZE, HENRY A. BROWN, BRUCE E. DOUGLASS, AND ALFRED G. KARLSON 427

The Tuberculostatic Activity of Terramycin. GLADYS L. HOBBY, TULITA F. LENERT, MARY DONIKIAN, AND DARIA PIKULA 434

The Chemotherapy of Actinomycosis and Nocardiosis. RICHARD E. STRAUSS, ALBERT M. KLIGMAN, AND DONALD M. PILLSBURY 441

The Demonstration of Streptomycin-Resistant Tubercle Bacilli in Necropsy Specimens. EDGAR M. MEDLAR, SIDNEY BERNSTEIN, AND FREDRIC C. REEVES 449

An Evaluation of Media for Diagnostic Cultures of Tubercle Bacilli. IRENE MELVIN, GEORGE C. KLEIN, WARREN JONES, AND MARTIN M. CUMMINGS 459
Clinical Comparison of Several Culture Media in the Diagnostic Demonstration of Tubercle Bacilli. C. RICHARD SMITH 470
Case Reports:
Acute Disseminated Coccidioidal Granuloma. WILLIAM HENTEL, J. K. NEWTON, AND R. K. HORSMAN 476
Löffler's Syndrome. Transient Pulmonary Infiltration with Eosinophilia. CHARLES A. HEIKEN AND E. ROBERT WIESE 480
Sensitivity of Tubercle Bacilli to Amithiozone (Myvizone). MOLLIE MOLLOV, IDA HILL, AND THADDEUS J. KOTT 487
Correspondence:
Chemotherapy for All Active Tuberculosis. EMIL BOGEN AND WILLIAM H. OATWAY, JR. 490
Letter from Benjamin F. Miller 492
Books 493
American Trudeau Society: Reports of the Clinical and Laboratory Subcommittees 496
Abstracts 57

NUMBER 5, MAY, 1951

Tuberculin-Negative Tuberculosis. WILLI MASCHER 501
Cutaneous Inoculation Tuberculosis. A Review of the Literature and a Report of Eight Cases. EDGAR D. GRADY 526
Studies on the Communicability of Histoplasmosis. JOHN A. PRIOR AND CLARENCE R. COLE 538
Streptokinase-Streptodornase in the Treatment of Extrapleural Hematoma Complicating Extrapleural Pneumothorax. EDWARD A. GAENSLER AND JOHN W. STRIEDER 547
Chemotherapy of Tuberculosis. IV. Studies with Sulfones in the Mouse. RICHARD DONOVICK, JACK BERNSTEIN, CLARA MCKEE, AND GEOFFREY RAKE 556
The Enhancement of Growth of Dihydrostreptomycin-Resistant Strains of Tubercle Bacilli by Dihydrostreptomycin, a Function of Initial pH Value of the Medium. CHARLES HURWITZ 568
Case Reports:
Surgical Management of Giant Air Cysts of the Lungs. Physiologic Improvement after Resection. FREDERICK C. WARRING, JR., AND GUSTAF E. LINDSKOG 579
Spontaneous Pneumothorax, the Result of a Ruptured Diaphragm Complicating Pneumoperitoneum. J. J. REPA AND H. R. JACOBSON ... 587
Mediastinal Emphysema Complicating Induction of Pneumoperitoneum. MAURICE J. SMALL AND R. E. FREMONT 591
Cardiospasm Similating Mediastinal Tumors. HERBERT M. PERR 597

Sarcoidosis (Boeck's Sarcoid) and Pregnancy. KEITH P. RUSSELL.... 603
Editorial: The Time Factor in Studies of the Outcome of Chronic Disease. PHILIP E. SARTWELL.... 608
Notes: Harvesting and Dispensing Apparatus for BCG Vaccine. KONRAD BIRKHAUG.... 613
Obituary: Ernest S. Mariette, 1882-1950.... 615
